Mr. and Mrs. H. F. Shelton of Texas are here with the intention of staying somewhere in this country during the winter.

Mr. and Mrs. A. F. Roberts and children of Sabetha, Kansas, came in by auto last Saturday for a short visit with relatives here.

For sale or exchange for good mares, 11 cows, 8 heifers, 7 heifer calves, 4 bull calves, 1 herd bull, mostly Red Polled grades.—A. W. Lytle.

One hundred head of horses, mostly mares, for sale or will trade for cattle. To be seen at my place 6 miles northeast of Estancia.—E. L. Garvin.

B. T. Johnson left yesterday for Fonda, Oklahoma, in the Cheyenne country, to teach school the ensuing year. He says he will come back in the spring to stay.

T. L. Pierce, who has been here all summer, left Friday for Vinita, Oklahoma, in response to a message that his wife had been in an accident which resulted in a broken rib.

County Agent Harwell puts the bean acreage in Torrance county this year at 15,000 acres; and the yield at 7,500,000 pounds, and they will bring the growers approximately \$375,000.

For sale, 22 cows, 19 under six years old; 10 heifers, yearlings past; 17 spring calves, heifers and steers. A good bunch, all good colors. Will sell part or whole.—G. A. Russell, 1 mile west of Stanley.

Wanted: District Agent wanted to sell Life, Accident and Health Insurance combined in one policy. We can make exceedingly attractive offer to right man. Whole or part time. Apply—Occidental Life Insurance Co., Albuquerque, New Mexico.

The M. E. conference at El Paso assigned to Estancia Rev. J. A. Bretz. R. E. Farley was returned to the Mountainair and Willard charge. C. O. Beckman to Albuquerque, and Rev. S. Alonzo Bright was retained as superintendent.

The first issue of the Mountainair Independent was issued last week. It is published by the "Mountainair Printing Co.," and edited by P. A. Speckmann. It is full of news, well edited, and if the people of that part of the county will give it the necessary support they can bank on having a good paper.

Mr. Afton, Denver sales manager for the Ford automobiles, was here the first of the week, and arranged to make Estancia a distributing point, with J. C. Peterson in charge. Branches will be established at Mountainair, Willard, Encino, Vaughn, Corona, and probably at a number of other points in the territory. There also seems little doubt that a good building will be erected in Estancia in the near future.

For sale, Whiteface yearling bull.—B. L. Hues.

Jenson & Pace shipped out a car of beans yesterday—45,000 pounds.

Call and see Mrs. Watson's line of millinery, linen handkerchiefs and hosiery.

John Block has made plans to start today for Palomas Springs, to see if the baths will relieve him of rheumatism.

William Owens, the cattle inspector who was shot in the battle at Abo three weeks ago, has been discharged from the hospital, and is reasonably certain to make a complete recovery.

Nicanor Baca of Santa Fe county, has been nominated by the Independent Republicans and Democrats for state representative from the 28th district composed of Santa Fe, Torrance and Guadalupe counties.

Rex Meador has bought the Romero grocery stock and is in possession. Mr. Romero will retain the other part of the stock in the same building for a month, and will then move it to his commissary at the mill in the mountains. His lumber business requires his personal attention, and that is why he wanted to get the store off his hands. Mr. Meador is familiar with the mercantile business and no doubt will make a success of it.

The Holiness meetings conducted by Rev. Threadgill at the M. E. church, closed Sunday night with ten or twelve conversions, and no doubt there was a revival of religious feeling in the case of many professors. Mr. Threadgill was much liked and made many friends here. He was ably assisted by the Douglas band. The entire party went from here to Moriarty, Mr. Threadgill to attend the Holiness Association and the others to take up their duties as teachers in the Holiness school.

Mrs. Buchanan writes from El Paso saying that she wishes to sincerely thank the friends who have been so good to her during her residence in Estancia. She seems to feel that the move has been a good one—says they are all in good health, the baby having gained in that respect. Laurence has employment as messenger for the E. P. S. W. railroad company at \$25 per month for two months, and a raise thereafter, and stands next for caller at \$60 per month.

On Sunday, September 24th, Mr. and Mrs. Wm. Winkel of Encino had an automobile accident near Lucy. Their car turned clear over. Both were considerably bruised, but Mrs. Winkel got the worst of it. For a time it was feared that she had been seriously injured internally, but happily it proved otherwise. Mr. and Mrs. Winkel were in Estancia yesterday and seemed none the worse for their experience.

A son of Nicolas Baca who had been ill several days, but who seemed to have practically recovered, last Saturday suddenly took a turn for the worse and developed a typical case of diphtheria. Anti-toxin was immediately administered and the patient is reported progressing favorably. Strict quarantine was established, even to the extent of keeping the children from that neighborhood out of school this week, and it is believed that no other cases will develop.

No doubt you have noticed that Torrance county walked off with first premium for dry farm exhibit at the state fair last week. If you will think about it, you will realize that this is quite a bit of glory. And if you will think about it a little further, you will realize that without a county agent we wouldn't have got it. We would have had the stuff, of course, but it would not have been collected, properly prepared and taken to Albuquerque, and properly displayed there. In the first place, only a few men know prize winning stuff when they see it, and those men, aside from Mr. Harwell, are very busy with their private affairs and cannot afford to donate several weeks of their time for the public benefit. Mr. Harwell is a public servant, therefore this is his business, and right well has he done it. Fortunately for us, he is not only thoroughly competent, but energetic and conscientious in the discharge of his duties, and he has the patience and tact to get around the numerous difficulties that confront him.

TORRANCE IS FIRST

Once more Torrance county has won first premium at the state fair for county exhibit of non-irrigated products.

The county scored 829 points. Lincoln county was second with 635 points.

There was offered previous to the opening of the fair \$200 as first premium in this class. After the opening of the fair the management proposed to withdraw this—that is, they proposed to make no distinction between irrigated and non-irrigated products. This was so plainly unjust that the non-irrigated counties would have withdrawn from the competition. They had been induced to spend their money in collecting and taking exhibits to the fair by the offer of \$200 as a first premium. Finally the management decided to pay \$150 as a first premium and \$100 second.

The winning of first premium in this competition this year is a victory well worth talking about, and will again call attention to the fact that Torrance county should get more credit than has been given it in many quarters. It gives the county some advertising of the highly desirable kind, and should call the attention of many outside people to its merits.

CHILDREN ENJOY THE STATE FAIR

The Torrance county section of the Boys' and Girls' Club camp at the state fair seemed to get more than their share of enjoyment. At almost any hour of the day the children could be found talking and laughing while taking in the fair's activities from in front of a booth, sitting in the grand stand, or witnessing the performance of some street fakir. The whole week passed without incident to mar the pleasure of a single individual. Captain Toulouse together with the whole Extension force set about to do everything possible that would add one little element of pleasure for the children. All privileges of the fair were open to the wearers of the club work insignia, grand stand and all. They were taken repeatedly to picture shows and other down town pleasures by those in charge of the camp.

Our reputation as a county was one of order and happiness. Miss Annie Porter forever gained the respect and love of the children by her kindness and consideration. Other delegations were more than glad to have opportunity of being placed under her care. Mr. Burt made a decided hit and was on the job every minute seeing that all went well and that the children enjoyed themselves. The County Agent looked after the more serious parts of the program in arranging transportation and exhibits. The county had the largest delegation, really many more than were allowed on paper, and it required nerve to appear on the scene with the multitude that the nine autos took over. Since all of the children who went deserved the trip, and inasmuch as we had no representation last year, Captain Toulouse looked at the matter in a broad way and they all got safely inside.

The auto owners who furnished the transportation free deserve all manner of credit. Without them our delegation would have been limited and many a little one left at home who had worked hard for the trip. Those who made the trip both ways especially for the children aside from Mr. Burt and Mr. Harwell were Mrs. Mathews, Mr. Burton, Mr. Marchant, Mr. McGillivray, Mr. Peterson. Mrs. Mathews responded to the call at once and offered the use of the Dodge car. The others were equally on the job and could see pleasure in giving the kids a good time. Even with this number of cars the space for the children and baggage was limited and others who were making the trip waited for the start and made room. Among these liberal people were Mr. Elgin, Mr. Dillon, Mr. Allman, Mr. Kemp and Mr. Garvin.

People directly interested in club work see in the trip success from every angle. The children were offered the best opportunity for enjoyment that the state furnishes. Club work will continue along the same lines and all club workers may expect a reasonable reward for their efforts while preparing themselves to become good men and women

and a credit to their nation which stands behind the work.

State winners as yet cannot be announced since records and stories must be gone over at the Agricultural College.

Political Announcement

We are authorized to announce that T. L. Capt will be a candidate before the Democratic county convention for the office of sheriff of Torrance county.

Card of Thanks

We desire to thank the friends and neighbors for their kindness and assistance in our recent bereavement in the death of our daughter, Mrs. Linnie E. Deal.—Mrs. M. J. White and family, Progresso; Mrs. John Wiseman, El Paso, Texas.

NOTICE

All subscribers to the fair fund are requested to pay their subscriptions not later than the first day of the fair. Pay to any member of the finance committee or to Estancia Savings Bank. All persons awarded premiums are requested to get an order from the chairman of the committee of the class to which their exhibit belongs, which order will be paid at Estancia Savings Bank. Any premiums not paid on last day of fair, will be paid within one week thereafter.

NOTICE

Positively no hunting will be allowed in my pasture.—J. J. Smith.

DIED

Francisco Annabel Carlos, son of Mr. and Mrs. Frank Chavez, died Monday afternoon, aged seven months.

The remains were taken to Willard Tuesday, where services were held in the Catholic church and at the cemetery conducted by Father Dekeuer. Burial was in the Willard cemetery.

The baby was ill but about a week, the trouble being with the stomach and bowels.

Mrs. Chavez has had more than her share of grief, and the death of this little one is a severe blow. She has the sympathy of the entire community in her sorrow.

She desires us to convey her sincere thanks to those who have been so kind with sympathy and aid.

Mr. and Mrs. Hollebek, newcomers in the valley, sent their little boy to the deaf and dumb school Tuesday. The little fellow had never gone away from his parents before, but he seemed to grasp the significance of it and was anxious to go.

W. E. Johnson and family left yesterday for Snyder, Texas, where they expect to stay.

Attention is called to the advertisement of the Bull Tractor in this issue. The time is now at hand when the farmers of this county will want this kind of a machine. It doesn't get tired, and it doesn't eat when it doesn't work. The faults of this class of machines have been eliminated in this particular one. Don't fail to see the demonstration, when you can see for yourself.

Mrs. Lennie Deal, of near Progresso, died Sunday evening at 4 o'clock from the effect of strychnine which she took to end her own life. Judge J. L. Lobb, of Willard, was summoned to hold the inquest and after examining the witnesses and other evidence the jury gave the verdict "that the deceased came to her death by taking strychnine." Mrs. Deal was the daughter of Mrs. M. J. White, former resident of Willard. She leaves one child, who was absent at the time of her death.—Willard Record

H. L. Patton of Clor, Democratic candidate for attorney general, and Bonifacio Montoya of Sandoval county, candidate on the same ticket for member of the corporation commission, were here this morning interviewing voters.

Dr. Ottsen and J. L. Lobb of Willard were here on business Tuesday.

Dexter Killinsworth and I. A. Richardson from northwest of Cedarvale, came to Estancia yesterday on business.

J. A. Cooper's Socialist friends in this vicinity are beginning to be alarmed lest he will leave the party and join the plutocrats. It is said that his farm products this year will bring him approximately \$10,000.

Beans run into money pretty fast this year. The Schubert brothers living near Chilli, brought two wagon loads of beans to town this week that brought them above \$500.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

SERVICE PREMIUMS
